County Surveyor Goddard, will leave Waco Monday and jointly with the surveyor of Falls county, will run the dividing line between the two counties. There is no disagreement between the two counties, as to the line, only each county is desirous to know definitely the lands to be taxed along the line. It is also desired by the parties living along the deviding line.

Very few new suits have been filed in the district court, and most of them are for divorce. "Whom God hath joined together let no man put asun-der," says the scriptures, and Sam der," says the scriptures, and Sar Jones in a recent lecture adds, "who Jones in a recent lecture adds, "whom the devil hath joined together let them go to Chicago." But it would seem from the divorce dockets of our Texas courts that a great many remain here, and get full satisfaction. But the many divorce suits awake no fears among the uninitiated and while Major Beasley is filing the petitions of those who have tried connubial life and found that the sweets and joys that love and hope had pictured and promised was a levered dream. In other words they had enough of married life and sighed for "single blessedness." The court house to-day doesn't look exactly like a "banquet hall deserted"—however, comparatively, it looks deserted. There is no court in session with its attendant throng and bustle and talk, only the click of the typewriter, the scratch of the clerk's pen, a stale joke now and then, to break the monotonous silence.

That Damage Suit.

That Damage Suit.

The city is sued for damages. It seems there is a chort space on South Ninth street where there are three or four guilles running diagonally across the street, which the city has neglected to fix until the Curlosity Shop, leaded with a set of furniture, a gasoline stove, a large mirror and a lot of dishes, ran in the ditch, tipped over, broke everything generally, hence the damage suif.

Cranfill and the Advan

Oranilli and the Advance.
While that lively little sheet, the Advance, has been removed to Dallas, the editor is still here in Waco and the Waco Curiosity Shop proposes to prohibit high prices on stoves and furniture and give notice now that they will have a full stock of both, and will make it botter this fall and winter than it was during the time that hell was full of preachers.

A large majority of the voters of Waco cast their ballot for the Waco Curiosity Shop.

The attention of the city council is called to South Ninth street, between Dutton and Cleveland streets. Their never has been any work done there, and it is almost impossible. The Curiosity Shop is in for a damage suit.

#### Prunus Pissardi

Prunus Pissardi

This is what the New Orleans Times-Democrat says of this beautiful and ornamental fruit tree the very latest fruit from Japan:

PURPLE-LEAVED PLUM.

N. O. Times-Democras, August 20.

The purple-leaved plum pranus pissardi; succeeds well thus far both in Louislans and Missisappi, promising to become very valuable either as a fruit-bearing or ornamental plant. Slias Miller, the well-knows hordenturist, in writing to the Rural World regarding the quality of the fruit, says:

The fruit is medium size, say one-inch and a quarter in diameter, round as a ball, dark red, almost black. Quality good and said to be as near curcuite proof as any plum can be. Both the English and French consider the tree one of the most valuable ornamental trees received for years, in which our American hortenturists agree. This, in addition to the good qualities of the fruit, will make it a favorite.

I was the first to introduce this tree in Central Texas. I will take orders for them for fall delivery.
